

# Safety Data Sheet

Preparation Date 28-Jan-2021

Revision date 06-Jan-2021

Revision Number: 1

## 1. Identification of the Substance/Preparation and of the Company/Undertaking

### Identification of the product

**Product Description** Top Deck Aquatic Herbicide

### Other means of identification

**Product code** 12-500A  
**Registration number(s)** 70506-355

### Recommended use of the chemical and restrictions on use

**Recommended use** Herbicide.  
**Uses advised against** Activities contrary to label recommendation  
Non labeled activities

### Details of the Supplier of the Safety Data Sheet

#### Supplier Address

UPL NA Inc.  
630 Freedom Business Center  
Suite 402  
King of Prussia, PA 19406

### Emergency telephone number

**Company Phone Number** 1-800-438-6071  
**Emergency telephone number** Chemtrec: (800) 424-9300 (24hrs) or (703) 527-3887  
Medical: Rocky Mountain Poison and Drug Safety (866) 673-6671 (24hrs)

## 2. Hazards Identification

### Classification

#### OSHA Regulatory Status

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

|                                      |             |
|--------------------------------------|-------------|
| Acute toxicity - Dermal              | Category 4  |
| Acute toxicity - Inhalation (Vapors) | Category 4  |
| Skin Corrosion/Irritation            | Category 2  |
| Serious eye damage/eye irritation    | Category 2A |
| Skin sensitization                   | Category 1  |

### Label elements

#### EMERGENCY OVERVIEW

#### WARNING

#### Hazard Statements

Harmful in contact with skin  
HARMFUL IF INHALED  
CAUSES SKIN IRRITATION  
Causes serious eye irritation  
May cause an allergic skin reaction

**Appearance** Clear**Physical state** Liquid**Odor** Mild aromatic**Precautionary Statements - Prevention**

Wear protective gloves/protective clothing/eye protection/face protection

Do not get in eyes, on skin, or on clothing

Use only outdoors or in a well-ventilated area

Wash face, hands and any exposed skin thoroughly after handling

Contaminated work clothing should not be allowed out of the workplace

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

If eye irritation persists: Get medical advice/attention

IF ON SKIN: Wash with plenty of soap and water

Call a POISON CENTER or doctor if you feel unwell

Take off contaminated clothing and wash before reuse

If skin irritation or rash occurs: Get medical advice/attention

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing

Call a POISON CENTER or doctor if you feel unwell

**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

**Hazards Not Otherwise Classified (HNOC)****OTHER INFORMATION**

- MAY BE HARMFUL IF SWALLOWED
- Toxic to aquatic life
- Toxic to aquatic life with long lasting effects

### 3. Composition/information on Ingredients

| Chemical name              | CAS No      | Weight-% |
|----------------------------|-------------|----------|
| Imazamox                   | 114311-32-9 | 12.1     |
| Ammonium hydroxide         | 1336-21-6   | 2.5      |
| 1,2-Benzisothiazolin-3-one | 2634-33-5   | 0.2      |

If CAS number is "proprietary", the specific chemical identity and percentage of composition has been withheld as a trade secret.

### 4. First aid measures

**FIRST AID MEASURES****Eye contact**

Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Call a poison control center or doctor for treatment advice.

**Skin contact**

Wash off immediately with soap and plenty of water. Call a poison control center or doctor for treatment advice.

**Inhalation**

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**Ingestion** Call a physician or poison control center immediately. Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person.

**Most Important Symptoms and Effects, Both Acute and Delayed**

**Most Important Symptoms and Effects** no data available.

**Indication of Any Immediate Medical Attention and Special Treatment Needed**

**Notes to physician** Treat symptomatically.

## 5. Fire-fighting measures

**Suitable extinguishing media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable extinguishing media** None.

**Specific hazards arising from the chemical**

No information available.

**Explosion data**

**Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

**Personal Precautions** Avoid contact with skin and eyes. Use personal protective equipment. Avoid dust formation. Provide adequate ventilation. Remove all sources of ignition. Wash thoroughly after handling.

**Environmental Precautions**

**Environmental precautions** Consult a regulatory specialist to determine appropriate state or local reporting requirements, for assistance in waste characterization and/or hazardous waste disposal and other requirements listed in pertinent environmental permits. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.

**Methods and material for containment and cleaning up**

**Methods for Clean-Up** Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Sweep up and shovel into suitable containers for disposal.

## 7. Handling and Storage

**Precautions for safe handling**

**Handling** Wear personal protective equipment. Avoid dust formation in confined areas. Avoid contact with skin and eyes. Provide adequate ventilation. Do not eat, drink or smoke when using this product. Wash thoroughly after handling. Keep out of reach of children.

**Conditions for safe storage, including any incompatibilities**

**Storage** Keep away from open flames, hot surfaces and sources of ignition. Keep in properly labelled containers. Keep in a dry, cool and well-ventilated place.

**incompatible materials** No materials to be especially mentioned.

## 8. Exposure Controls/Personal Protection

|                                      |   |
|--------------------------------------|---|
| <b>Exposure guidelines</b>           | This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.   |
| <b>Engineering controls</b>          | Investigate engineering techniques to reduce exposures. Local mechanical exhaust ventilation is preferred. Consult ACGIH ventilation manual or NFPA Standard 91 for design of exhaust systems. Provide appropriate exhaust ventilation at places where dust is formed.  |
| <b>Personal protective equipment</b> |   |
| <b>Eye/Face Protection</b>           | Where there is potential for eye contact have eye flushing equipment available. Use eye protection to avoid eye contact. If splashes are likely to occur, wear: Goggles.  |
| <b>Skin protection</b>               | Wear protective gloves/clothing. Socks and footwear.  |
| <b>Respiratory protection</b>        | Where airborne exposure is likely, use NIOSH approved respiratory protection equipment appropriate to the material and/or its components. Full facepiece equipment is recommended and, if used, replaces need for face shield and/or chemical goggles. If exposures cannot be kept at a minimum with engineering controls, consult respirator manufacturer to determine appropriate type equipment for given application. Observe respirator use limitations specified by NIOSH or the manufacturer. For emergency and other conditions where there may be a potential for significant exposure, use an approved full face positive-pressure, self-contained breathing apparatus. Respiratory protection programs must comply with 29 CFR 1910.134. |

**General hygiene considerations**

Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing before re-use. Wear suitable gloves and eye/face protection. Wash hands before breaks and immediately after handling the product. Wear respiratory protection.

## 9. Physical and Chemical Properties

**9.1 Information on basic physical and chemical properties**

|                                     |               |  |
|-------------------------------------|---------------|--|
| <b>Appearance</b>                   | Clear         |  |
| <b>Physical state</b>               | Liquid        |  |
| <b>Odor</b>                         | Mild aromatic |  |
| <b>color</b>                        | Light yellow  |  |
| <b>Property</b>                     | <u>VALUES</u> | <u>Remarks/ Method</u>                                       |
| <b>pH</b>                           |               | None known   |
| <b>Melting point/freezing point</b> |               | None known   |
| <b>Boiling Point/Range</b>          |               | None known   |
| <b>Flash Point</b>                  | > 94.1 °C     | None known   |
| <b>Flammability (solid, gas)</b>    |               | None known   |
| None known                          |               | <b>Specific gravity</b> 1.0484                               |
| None known                          |               | <b>Solubility in Other Solvents</b> No information available |
| None known                          |               | <b>Partition coefficient: n-octanol/water</b>                |
| None known                          |               | <b>Autoignition temperature</b>                              |
| None known                          |               | <b>Decomposition temperature</b>                             |
| None known                          |               | <b>Viscosity</b>   |

**9.2 OTHER INFORMATION**

## 10. Stability and Reactivity

**Reactivity**

no data available

**Chemical stability**

Stable under recommended storage conditions.

**Possibility of hazardous reactions**

None under normal processing.

**Conditions to avoid**

Extremes of temperature and direct sunlight.

**incompatible materials**

No materials to be especially mentioned.

**Hazardous decomposition products**

Carbon oxides.

## 11. Toxicological Information

**Information on Likely Routes of Exposure****Product information**

The information provided below is for a similar formulation:

Imazamox 120 =  
 Acute oral LD50 (rat) = 5000 mg/kg  
 Acute dermal LD50 (rat/rabbit) = >2000 mg/kg  
 Acute inhalation LC50 (rat) = >4.67 mg/L/ 4 hr

**Inhalation**

May cause irritation of respiratory tract.

**Eye contact**

May cause slight irritation.

**Skin contact**

Substance may cause slight skin irritation.

**Ingestion**

MAY BE HARMFUL IF SWALLOWED.

**Information on Toxicological Effects****Symptoms**

No information available.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure****Sensitization**

No information available.

**Mutagenic effects**

no data available.

**Carcinogenicity**

There are no known carcinogenic chemicals in this product.

**Reproductive effects**

Not Available.

**STOT - Single Exposure**

no data available.

**STOT - Repeated Exposure**

no data available.

**Aspiration hazard**

No information available.

**Numerical Measures of Toxicity - Product information****LD50 Oral**

> 5000 mg/kg

**LD50 Dermal**

> 2000 mg/kg

**LC50 Inhalation**

18.48 mg/l ( 1 hr)

## 12. Ecological Information

**ecotoxicity**

None known

**Persistence/Degradability**

no data available.

**Bioaccumulation/ Accumulation**

Bioaccumulative potential.

| Chemical name                           | Log Pow                            |
|---|------------------------------------|
| Imazamox<br>114311-32-9                 | Koc = 5.36 at 25°C (log Pow = 0.7) |
| 1,2-Benzisothiazolin-3-one<br>2634-33-5 | 0.76                               |

**Other Adverse Effects**

no data available

### 13. Disposal Considerations

**Waste Treatment Methods****Waste Disposal Method**

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If the wastes cannot be disposed of by use or according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Contaminated packaging**

Refer to product label.

|---------------|--------------------|
| Chemical name | Ammonium hydroxide |
|---------------|--------------------|

### 14. Transport Information

**DOT**

NOT REGULATED

**IATA**

NOT REGULATED

**IMDG**

NOT REGULATED

### 15. Regulatory Information

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

**signal word**

CAUTION

**Harmful if inhaled or absorbed through skin. For terrestrial uses, do not apply directly to water, or to areas where surface water is present, or to intertidal areas below mean high water mark.**

**International Inventories****USINV**
